BEGINNING OUR FIFTH YEAR

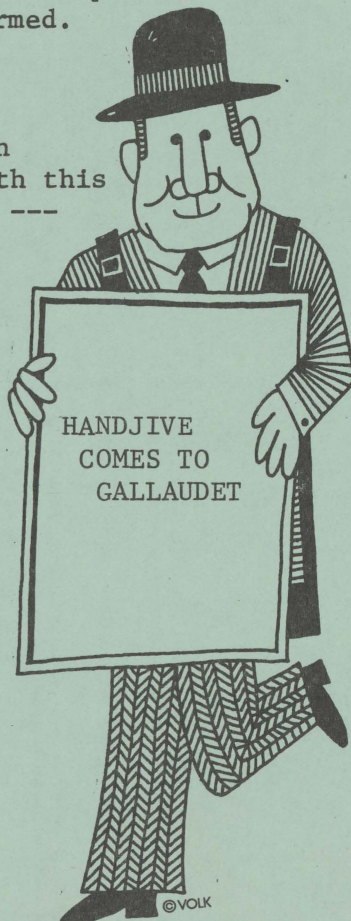

With this issue, ON THE GREEN begins its fifth year. As the campus newsletter, ON THE GREEN is truly a community effort and could not be published without your input.

Your contributions to ON THE GREEN are also critical to the overall function of the Office of Alumni and Public Relations. Many times the news you report to ON THE GREEN will be the seed for a more in-depth story for one of our other publications or a tickler we can use to interest local or national media in what you are doing.

Remember an effective public relations program is a group effort. We truly need your support and cooperation. Please keep us informed.

You will notice an added attraction with this week's ON THE GREEN --- HAND JIVE.

Published twice a month by the Cultural Affairs Committee, HAND JIVE will keep you up on cultural happenings on campus and around town.
